# A message from the Principal

Dear Families,

At the heart of St Leonard's is a desire to develop the infinite potential of every person. Our strong vision of 'Aspiring to Excellence,' underpins our work and is reflected in our outstanding academic results. 'Aspiring to Excellence' refers to much more than academic outcomes. At St. Leonard's we foster positive attitudes and teach contemporary programs to engage spiritual, academic, social, emotional and physical development.

In 2021, our whole school theme is, 'The Power of Yet.'

At St Leonard's we encourage our learners to have high expectations of themselves and to demonstrate perseverance. When children have a growth mindset and use 'The power of Yet', they can face their challenges courageously and learn from them. We encourage our students to have the celebrate their strengths and have mindset to dream, to question, to create and to innovate for the future THEY are going to make for the local community, Australia and the world.

Please feel welcome to visit our school on our Open Days. I know that you will be impressed by our capable and confident students, our caring and dedicated staff and our amazing facilities. Please visit our website at [www.leonards.catholic.edu.au](http://www.leonards.catholic.edu.au).

I look forward to meeting you.

Rob Horwood, Principal

Our Sensory Space helps us learn.

At the heart of St Leonard's is the desire to develop the infinite potential of every person.
