

Closed Circuit Television Policy

MACS Schools

Purpose

This Policy seeks to ensure best practice regarding the installation and use of closed circuit television (**CCTV**), along with the storage and disclosure of CCTV footage. The Policy and procedures seek to enhance the security of property owned and operated by Melbourne Catholic Archdiocese Schools Ltd (**MACS**) and its Schools (collectively **MACS Premises**) and provide safe environments for all staff, students and visitors.

The use of CCTV in MACS Premises assists with detecting and deterring vandalism, unauthorised entry into buildings, theft, other unwanted activities and monitoring emergency situations, should they occur.

The installation of CCTV systems supports MACS by:

- acting as a deterrent and reducing the likelihood of crime
- deterring misconduct and inappropriate behaviour
- supporting the management and investigation of emergencies and critical incidents
- helping to verify incidents on school grounds to support an evidence-based response
- reassuring students, staff and visitors that they are protected when on school grounds.

Scope

This policy applies to all MACS premises, including MACS's schools and offices, where CCTV is installed.
